REASON CODE - CURRENT

A. DEFINITION:

A three-position data element which describes in detail the reason for the current Assignment. This includes a description of the PCS move, the reason for an early move, and the waiver requirement for the release of the orders.

- REMARKS:
1. All JDAL designated tours that are broken must also comply with JDAL - specific waiver procedures.
 2. Less than OTM directed Sea Tour length. Break requires written Division Director approval.
 3. Where indicated, Minimum Activity Tour (MAT) of 24 months must be met or MAT waiver is required from Division Director.
 4. Minimum Tour for Separation (MTS) must be met; if not, flag waiver is required.
 5. To be used only when no other situation applies.
 6. If 2nd Continuous Overseas Tour (COT) is broken and total of 1st and 2nd tour is less than two unaccompanied tours, SECNAV level waiver is required.
 7. All broken tour PCS moves from CONUS to Sea are assigned second position code 7 (to sea duty). Code 7, if applicable, takes precedence over all other criteria except DUINS complete.

B. REFERENCE DOCUMENT, CODE OR FORMAT:

FIRST POSITION:

Describes PCS move: Departing from an activity, either CONUS or overseas, shore or sea, and at or before completion of prescribed tour. (Prescribed tour: DOD area tour for overseas shore, 3 years in same geographic location for CONUS shore, OTM specified sea tours for SECNAV tours, as specified for JDAL designated billets, and duration of course of instruction for DUINS).

REASON CODE - CURRENT (continued)

1ST POSITION CODE

DEFINITION

1	New Accession/Prospective Navy Gain
2	Recall to Active Duty
3	CONUS SHORE: Transfer to <u>at or later</u> than three years at the same Geoloc, full JDAL tour, or complete DUINS. (UIC is TAC S)
4	CONUS SHORE: Transfer is <u>less</u> than three years in the same Geoloc, full JDAL tour, or ordered DUINS. (UIC is TAC S)
5	OVERSEAS SHORE: Transfer is <u>at or later</u> than prescribed DOD tour/full JDAL tour. (UIC is TAC O, H, or A)
6	OVERSEAS SHORE: Transfer is <u>less</u> than prescribed DOD tour/full JDAL tour. (UIC is TAC O, H, or A)
7	CONUS SEA: Transfer is <u>at or later</u> than prescribed SECNAV/full JDAL tour. (UIC is TAC C)
8	CONUS SEA: Transfer is <u>less</u> than prescribed SECNAV/full JDAL tour. (UIC is TAC C)
9	OVERSEAS SEA: Transfer is <u>at or later</u> than prescribed SECNAV/full JDAL tour. (UIC is TAC C or D)
0	OVERSEAS SEA: Transfer is <u>less</u> than prescribed SECNAV/full JDAL tour. (UIC is TAC C or D)

(If UIC is TAC G, use closest applicable tour)

REASON CODE - CURRENT (continued)

SECOND POSITION:

Reason for early move. Must be used with all first position (POS) even numbered codes. Leave this position blank when rotation is at or within two months after prescribed tour length. (If transfer is late due to PCS constraints or relief timing, first position will be an odd-numbered code but second position should also be used to indicate these reasons for late move). The following Matrix details waiver requirements for each assignment reason description. (REMARKS 1).

<u>REASON DEFINITION</u>	<u>CODE</u>	<u>Any Sea</u>	1st POS 8	1st POS 4	1st POS 6
			or 0 (FM <u>Shr</u>)	(FM CONUS <u>Shr</u>)	(FM O'seas <u>Shr</u>)

NOTE: DATA IS FOUND IN THE SAME POSITION ON THE HISTORY AND ATTRITION DATABASES, BUT THE DATASET NAMES ARE DIFFERENT.

SERVICE GROUP CODE

A. DEFINITION:

A one-position numeric code which indicates a naval aviator's flying status as determined by physical qualifications. It reflects any or no flying restrictions.

REMARKS: Inquiries may be directed to Pers-432T.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

REFERENCE: Manual of Navy Officer Manpower and Personnel Classifications, NAVPERS 15839

CODE DEFINITION

- | | |
|---|--|
| 1 | Group I:

Pilots who meet the physical standards for Service Group I (unlimited flight duties). |
| 2 | Group II:

Pilots who meet the physical standards for Service Group II; and, pilots of Service Group I, who temporarily meet only the physical standards for Service Group II.

RESTRICTION: Pilots of Service Group II are restricted from carrier operations except in helicopters. |
| 3 | Group III:

Pilots of Service Group I or II who temporarily meet only the physical standards for Service Group III; or, pilots who meet the physical standards of Service Group III, but are not physically qualified for the other Service Groups.

RESTRICTIONS:

(1) Normally operate only aircraft equipped with dual controls and are accompanied on all flights by a pilot of Service Group I or II qualified in the model aircraft being operated.

(2) With the approval of the Deputy Chief of Naval Operations (AIR), pilots in Service Group III who meet the physical standards for Service Group I or II may solo such aircraft as is commensurate with physical and service qualifications of each pilot.

(3) Pilots in this group are authorized to maintain a standard instrument card provided all other requirements are met. |
| 9 | Group IX: |

SERVICE SCHOOL - COMPLETION DATE

A. DEFINITION:

A four-position date (YYMM) indicating when an officer successfully completed a Service School. A maximum of seven Completion Dates can be recorded.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

82	82	USNR warrant officer (from active USNR enlisted)
	83*	Enlisted Commissioning Program (ECP) via OCS.
84*		Enlisted Commissioning Program (ECP) via AOCs.

SOURCE CODE (continued)

NOTE: * As of the 10/29/91 research, the codes marked with an asterisk (*) were not being used.

THIRD POSITION OF ORIGINAL SOURCE CODE:

CODE DEFINITION

0	No Significance
1	From enlisted status
2*	From Temporary Disability Retired List (TDRL)
3	From inactive enlisted status
4	From OSAM program

THIRD POSITION OF CURRENT SOURCE CODE:

CODE DEFINITION

0	No Significance
1	From enlisted status
2	From Temporary Disability Retired List (TDRL)
3	Voluntary recalls from inactive service during selective recall/mobilization
4	From OSAM program. This will be applicable for first appointments.
5	Involuntary recalls from inactive service during selective recall/mobilization
9*	

NOTE 1: * As of the 10/29/91 research, the codes marked with an asterisk (*) were not being used.

NOTE 2: "From enlisted status" means that the officer was recruited from active enlisted service into officer status either directly (such as through the Integration and Warrant Programs), or indirectly (such as through the Naval Academy or NROTC Midshipmen Programs). The essential distinction is whether the recruiting source (for the original commission) was from active enlisted sources or other sources.

For all officers who have received only one commission and have no broken service, the three positions of Original Source Code should be identical with the three positions of Current Source Code.

STATION CODE - PAST DUTY STATION

A. DEFINITION:

A three-position alphanumeric code which is used in conjunction with Naval Officer Billet Classification Codes (NOBCs) to identify the type of ship or activity where an officer's qualification or experience, identified by an NOBC, was acquired. Each code consists of a two-position number with an alphabetical suffix. The two digits identify a broad category of ships or activities and the suffix (except "Z") indicates a specific type within the broad category. The suffix "Z" identifies a ship or station within the broad category but not elsewhere classified (n.e.c.) in that category.

REMARKS: A maximum of twelve Station Codes will be maintained on the database in reverse chronological order, with the Current Station Code associated with the Current Duty Station in Occurrence 1. Occurrence 2 is associated with Past Duty Station 1, Occurrence 3 is associated with Past Duty Station 2, etc.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

STOP LOSS DATE

A. DEFINITION:

A six-position date which is the first day of the officer's Stop Loss period. This date is used for financial accounting and manpower purposes in times of national emergency. The officer cannot be discharged.

REMARKS: The STOP LOSS INDICATOR and DATE are similarly named to Enlisted (EMR) data elements and are used for the same purposes. Enlisted uses the SL Tac to enter the Stop Loss information on Enlisted members only. The SL Tac does not update the Officer or Enlisted Master files. The SL Tac triggers the creation of a 385 Tac, a 379 Tac, and possibly a QI6 Tac for NES with the Stop Loss information.

STOP LOSS INDICATOR

A. DEFINITION:

A one position code which means the officer is actively being stop lost. This indicator is used for financial accounting and manpower purposes in times of national emergency. The only valid value is '1'.

REMARKS: The STOP LOSS INDICATOR and DATE are similarly named to Enlisted (EMR) data elements and are used for the same purposes. Enlisted uses the SL Tac to enter the Stop Loss information on Enlisted members only. The SL Tac does not update the Officer or Enlisted Master files. The SL Tac triggers the creation of a 385 Tac, a 379 Tac, and possibly a QI6 Tac for NES with the Stop Loss information.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

<u>CODE</u>	<u>DEFINITION</u>
1	Cannot be discharged

STRENGTH DATE - HISTORY

A. DEFINITION:

A four-position julian date (YDDD) which indicates when an officer was last gained to Active Duty.

REMARKS: This data element is stored in a History area for quick reference. It is program generated when users input any of the Tacs listed in Section C. Some Tacs cause the creation of this data element. Other Tacs cause the blanking out of this data element (for example, when the officer's record is first created or when data was entered erroneously and is now being corrected).

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

NOTE: DATA IS FOUND IN THE SAME POSITION ON THE HISTORY AND ATTRITION DATABASES, BUT THE DATASET NAMES ARE DIFFERENT.

STRENGTH GAIN - HISTORY

A. DEFINITION:

A four-position data element subdivided into two parts:

- A two position code showing the Source Code identifying the office which input the Date of Gain to Active Duty (Current).
- A two-position code which indicates the type of transaction by which Date of Gain to Active Duty (Current) was processed.

REMARKS: This data element is stored in a History area for quick reference. It is program generated when users input any of the Tacs listed in Section C. Some Tacs cause the creation of this data element. Others Tacs cause the blanking out of this data element (for example, when the officer's record is first created or when data was entered erroneously and is now being corrected.)

SUBMARINE STATUS INDICATOR

A. DEFINITION:

A one-position alphabetic code which indicates certain categories of entitlement to Submarine Duty Incentive Pay. It consists of combinations of length of submarine service, length of time served in submarine commands, and length of service.

REMARKS: This data element is associated with the SUBMARINE SERVICE CONTROL DATE.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

REFERENCE: Manual of Navy Officer Manpower and Personnel Classifications, NAVPERS 15839

POINT OF CONTACT: Pers-421

CODE DEFINITION

- | | |
|---|---|
| A | A submarine designated officer who is eligible to draw CONSUBPAY but has not reached 12 year gate. |
| B | A submarine designated officer who is between 12 and 18 year gates and has a minimum of 72 months creditable submarine service. |
| C | A submarine designated officer who has passed 18 year gate and has a minimum of 120 months of creditable submarine service. This officer is entitled to be paid CONSUBPAY to 26 years commissioned service. |
| D | A submarine designated officer who has passed 18 year gate and has a minimum of 96 months of creditable submarine service. This officer is entitled to be paid CONSUBPAY to 22 years of commissioned service. |
| R | A submarine designated officer not entitled to CONSUBPAY, but is entitled to operational submarine pay. |
| V | A submarine officer not entitled to subpay regardless of situation. |

SUBSPECIALTY

A. DEFINITION:

A five-position classification code (four numeric and one alphabetic character) which identifies a subspecialty area and level of expertise established by an officer through completion of doctoral level, master's level, or less than master's level education; or through specialized experience and/or training.

A maximum of five Subspecially are maintained on the database.

This data element field is composed of three parts:

SKIL-SUBSPEC-FUNC	positions 1-2 (NUMERIC)
SKIL-SUBSPEC-EDUC	positions 3-4 (NUMERIC)
SKIL-SUBSPEC-LVL	position 5 (ALPHA)

REMARKS: This data element is associated with SUBSPECIALTY DATE.

Database uses the "SUBSP" Table. See Appendix I for a listing of the numeric portion of the codes.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

REFERENCE: Manual of Navy Officer Manpower and Personnel Classifications, NAVPERS 15839

POSITION 5:

CODE

DEFINITION

- *B Validated requirement for master's or higher level of education but second priority to P, Q, M, N, C or D coded billets for assignment of qualified officer; used when subspecialty code compensation for the billet has not been identified.
- C PH.D. level of education - proven subspecialist
- D PH.D. level of education
- E Baccalaureate level of education in a field applicable to the subspecialty
- F Master's degree not fully meeting Navy criteria or graduate education at less than master's level - proven subspecialist
- G Master's degree not fully meeting Navy criteria or graduate education at less than master's level
- *H Billet code to indicate a position for which the assignment of an officer with a master's level education is desirable, but not required

SUBSPECIALTY (continued)

- J Fully trained (Medical Department)
- K Board certified/Board equivalency certified (Medical Dept.)
- M Post-master's graduate degree level of education - proven subspecialist
- N Post-master's graduate degree level of education
- P Master's level of education
- Q Master's level of education - proven subspecialist
- **R Significant experience - proven subspecialist
- **S Significant experience
- T Billet Code: denotes training billet which qualifies for an S-code
Officer Code: identifies students in DUINS leading to the indicated subspecialty qualification
- U Basic nursing preparation (Nurse)
- V Formal preparation beyond basic professional education in a program approved by Naval Medical Command
- W Optometrist with master's level preparatory in public health (Medical Service Corps)

SUBSPECIALTY (continued)

NOTE:

- * Applies only to billet codes
- ** The codes denoting significant experience should be limited to those fields where requirements exist or skills are achieved outside a directly related specialty/designator; e.g., an Intelligence specialist (1630 designator) billet should not be coded XX17S or XX16S since it may be assumed that all such specialists would be qualified in Naval Intelligence.

SUBSPECIALTY UTILIZATION - PAST DUTY STATION

A. DEFINITION:

A one-position alphabetic code which is used in tracking a subspecialist's assignments upon entry into a subspecialty community. This code is entered by the Assignment Officer prior to final processing and issuance of orders. Utilization codes are assigned to indicate the quality of the subspecialty code match between the officer and the billet to which slated.

REMARKS: A maximum of twelve Utilization Codes will be maintained on the database in reverse chronological order, with the current Utilization Code associated with the Current Duty Station in Occurrence 1. Occurrence 2 is associated with Past Duty Station 1, Occurrence 3 is associated with Past Duty Station 2, etc.

B. REFERENCE DOCUMENT, CODE, OR FORMAT:

REFERENCE: Manual of Navy Officer Manpower and Personnel Classifications, NAVPERS 15839

<u>CODE</u>	<u>DEFINITION</u>
A	Operational tour required to maintain progression in warfare specialty or leadership tour essential to GURL career progression/specialist track.
B	Educational assignment (Service College, P.G. training, etc.)
C	Separation
D	Officer's graduate education field matches billet requirement.
E	Officer's graduate education field is closely related to billet requirement.
G	Assignment utilizing officer's subspecialty in subspecialty billet not requiring education.
H	Assignment utilizing officer's subspecialty in an uncoded billet.
J	Officer has more than one subspecialty code and higher priority exists for utilization of SUB 2 or SUB 3.
K	Billet is not a subspecialty coded billet but is considered a higher priority requirement.
L	Nonutilization
M	Officer without graduate education will be utilizing subspecialty.

SUBSPECIALTY UTILIZATION - PAST DUTY STATION (continued)

N Officer not subspecialty coded.
 X No coded billet exists.
 Z Administrative requirements.
